Replies: 9 Views: 301	Ok Phil, if you want all these problems fixed you can hire me. I know computers just as well as audio. (I use to work for IBM and Earthlink). Only thing is I'll have to move in to a spare room. You'll have to put up with constant drinking and pot smoke, plus I'd appreciate it if you could hang outsi...

Haha.. funny you should mention that. I'm one of the main culprits on there. The page started out as just an Artie fan site.. but now it's morphed into the Howard Stern hate site. :lol: We pretty much make fun of how lame the show has become, and his vapid no-reason-to-be-famous "wife" (es...

If the record industry can't stop it, might as well embrace it. As l...

I subscribe to the Flashback. Excellent job and thanks for all the work you put into it! Yes it's been back to the ch...
